The Parties wish to specify or supplement binding commitments among themselves in addition to the provisions of the specific Grant Agreement to be signed by the Parties and the Funding Authority (hereinafter "Grant Agreement").

The Parties are aware that this Consortium Agreement is based upon the DESCA model consortium agreement.

NOW, THEREFORE, IT IS HEREBY AGREED AS FOLLOWS:

“Software”

Software means sequences of instructions to carry out a process in, or convertible into, a form executable by a computer and fixed in any tangible medium of expression.

2 Section: Purpose

3 Section: Entry into force, duration and termination

3.1 Entry into force

An entity becomes a Party to this Consortium Agreement upon signature of this Consortium Agreement by a duly authorised representative.

This Consortium Agreement shall have effect from the Effective Date identified at the beginning of this Consortium Agreement.

A new entity becomes a Party to the Consortium Agreement upon signature of the accession document (Attachment 2) by the new Party and the Coordinator. Such accession shall have effect from the date identified in the accession document.

This Consortium Agreement shall continue in full force and effect until complete fulfilment of all obligations undertaken by the Parties under the Grant Agreement and under this Consortium Agreement.

However, this Consortium Agreement or the participation of one or more Parties to it may be terminated in accordance with the terms of this Consortium Agreement.

If

- the Grant Agreement is not signed by the Funding Authority or a Party, or
- the Grant Agreement is terminated, or

This includes the obligation to provide all input, deliverables and documents for the period of its participation.

4 Section: Responsibilities of Parties

4.1 General principles

Each Party undertakes to take part in the efficient implementation of the Project, and to cooperate, perform and fulfil, promptly and on time, all of its obligations under the Grant Agreement and this Consortium Agreement as may be reasonably required from it and in a manner of good faith as prescribed by Belgian law.

Each Party undertakes to notify promptly, in accordance with the governance structure of the Project, any significant information, fact, problem or delay likely to affect the Project.

Each Party shall promptly provide all information reasonably required by a Consortium Body or by the Coordinator to carry out its tasks.

Each Party shall take reasonable measures to ensure the accuracy of any information or materials it supplies to the other Parties.

4.2 Breach

In the event that a responsible Consortium Body identifies a breach by a Party of its obligations under this Consortium Agreement or the Grant Agreement (e.g. improper implementation of the project), the Coordinator or, if the Coordinator is in breach of its obligations, the Party appointed by the Steering Group will give formal notice to such Party requiring that such breach will be remedied within 30 calendar days from the date of receipt of the written notice by the Party.

If such breach is substantial and is not remedied within that period or is not capable of remedy, the Steering Group in consultation or by written procedure with the Project Consortium may decide to declare the Party to be a Defaulting Party and to decide on the consequences thereof which may include termination of its participation.

4.3 Involvement of third parties

A Party that enters into a subcontract or otherwise involves third parties (including but not limited to Affiliated Entities) in the Project remains responsible for carrying out its relevant part of the Project and for such third party's compliance with the provisions of this Consortium Agreement and of the Grant Agreement. It has to ensure that the involvement of third parties does not affect the rights and obligations of the other Parties under this Consortium Agreement and the Grant Agreement.

5 Section: Liability towards each other

5.1 No warranties

In respect of any information or materials (incl. Results and Background) supplied by one Party to another under the Project, no warranty or representation of any kind is made, given or implied as to the sufficiency or fitness for purpose nor as to the absence of any infringement of any proprietary rights of third parties.

Therefore,

- the recipient Party shall in all cases be entirely and solely liable for the use to which it puts such information and materials, and
- no Party granting Access Rights shall be liable in case of infringement of proprietary rights of a third party resulting from any other Party (or its Affiliated Entities) exercising its Access Rights.

5.2 Limitations of contractual liability

No Party shall be responsible to any other Party for any indirect or consequential loss or similar damage such as, but not limited to, loss of profit, loss of revenue or loss of contracts, provided such damage was not caused by a wilful act or by a breach of confidentiality.

For any remaining contractual liability, a Party's aggregate liability towards the other Parties collectively shall be limited to once the Party's share of the total costs of the Project as identified in Annex 2 of the Grant Agreement provided such damage was not caused by a wilful act or gross negligence.

6 Section: Governance structure

6.1 General structure

The organisational structure of the Consortium comprises the following Consortium Bodies:

- Project Consortium
- Project Coordinator
- Clever Cities Secretariat
- Steering Group (SG)
- Innovation Manager, Ethics and Diversity Advisor, Data Security Advisor

- Work package leaders (WP leaders)
- Annual CLEVER Assembly (ACA)
- Advisory Board (AB)

6.1.1 Project Consortium

The CLEVER Project Consortium consists of all partners including FE Cities.

The Project Consortium will meet basically annually in the CLEVER Assembly as the ultimate decision-making body of the consortium. The members are all partners and the FE-Cities. Every member has one vote in the CLEVER Assembly.

6.1.2 Project Coordinator

The Coordinator is the legal entity acting as the intermediary between the Parties and the Funding Authority. The Coordinator shall, in addition to its responsibilities as a Party, perform the tasks assigned to it as described in the Grant Agreement and this Consortium Agreement.

FHH ('Coordinator') is responsible for managing the administrative, legal and financial duties according to its contractual obligation with the European Commission (in the Grant Agreement) and all consortium partners (as per the Consortium Agreement) and ensuring the complete and timely delivery.

FHH holds extensive experience in participating in and managing European and national projects with multiple partners and large budgets. A permanently employed team (3 staff members) handles all European projects the city is involved in.

The Coordinator will be the only direct communication/ information interface between the European Commission and the project consortium, and responsible for the transfer of EC funds and the submission of technical and financial reports contractually required by the EC. FHH will implement an efficient documentation and reporting management (incl. provision of appropriate reporting/ monitoring tools) and a lean procedure for cash flow.

CLEVER Cities Secretariat

The CLEVER Cities Secretariat, which will be the communication node for the consortium for all operational questions as well as for interested public, led by a Project Manager (PM), extending the Coordinator's team upon project start.

The PM will work on the day-to-day technical management and coordination incl. partner communication, and will be responsible for communicating regular updates to all partners, and scheduling and organising the Steering Group (SG) Meetings as well as the Annual CLEVER Assemblies (ACAs).

FHH will organise the logistics (if need be with the local hosting partner) and chair the meetings, whilst ICLEI ES will lead the strategic and content development with support by the SG, i.e. relating the consortium activity orientations beyond project end with the short-term actions as managed by the Secretariat (see below) and each WP leader.

The Secretariat will prepare decisions based on input from WP leaders regarding strategic and operational direction, allocation of resources and consortium management.

The PM will compile all task reporting (incl. the provision of certificates to the financial statements where required) according to the Grant Agreement, the project's work plan and quality assurance procedures accurately and on time.

A professional project management portal will be set up and maintained for internal communication and documentation between project partners (e.g., Basecamp® or similar) and tracking of deliverables/milestones production and assess task completion.

6.1.3 Steering Group (SG)

Steering Group (SG) acts as the supervisory body for the execution of the Project which shall report and be accountable to the Project Consortium.

The SG is composed of Frontrunner Cities (FR: FHH, CDM, GLA), work package (WP) leaders, Coordinator and Project Manager, Innovation Manager (TEC), Ethics Advisor (YES), Gender and Diversity Advisor (YF) and Data Security Advisors (GLA, EAA).

The SG is the main decision-making body of the project and will guide the overall project

progress whilst the individual WP leaders will be responsible for the management of their WP at operational level with the support of the FHH and ICLEI ES.

The SG approves the overall implementation and financial planning (incl. use of travel budget of partners, part. in WP2, WP3, WP6, WP7), steers the project's direction and makes decisions on all project-related matters (incl. quality and risk management, IPR and exploitation activities, incl. developing a preliminary (M12) and final exploitation agreement (M58).

Decision-making rules are:

- Each WP leader designates a representative within the SG with the authority to vote. WP co-lead will act as replacement in case of absence.
- SG decides by majority, except for of topics explicitly listed in the CA for which the unanimity rule will apply. Each SG-member has 1 vote. Should there be a tied vote, the Coordinator retains the casting vote.

The SG will have bi-monthly update calls and meet approx. once every 6 months to assess project progress (i.e. 9 times during the project) in line with the Grant Agreement. SG Meetings will - where possible – coincide with the achievement of significant milestones or deliverables. Additional physical and virtual ad hoc meetings can be convened by the Coordinator if required. The SG will participate in meetings with the Advisory Board (AB).

6.1.4 Innovation Manager, Ethics and Diversity Advisor, Data Security Advisor

4 functions will help the CLEVER Cities 'compass', and inform the Coordinator and SG imminently:

- (i) The *Innovation Manager* will support partners in using innovative approaches when implementing their activities and developing project results, champion the project's innovation culture and progress (incl. advancement of TRL levels), ensure that resources are targeted at innovative products and processes and evaluate the project's innovation capabilities. The function will be held by TEC, who will responsible to guide partners' focus on innovation across all four innovation tiers (M's). TEC will develop an Innovation Strategy and guidance for WP2-5 for considering innovation when developing NBS.
- (ii) YES will be *Ethics Advisor* (part. with regards to co-creation processes, data collection and integration with the urban data platforms).
- (iii) YF will be *Gender and Diversity Advisor*, which is of particular relevance within the consortium as well as for all co-creation processes taking place in the deprived districts.
- (iv) GLA and EAA share the role as *Data Security Advisors*, focusing on necessary measures to safeguard data security, particularly in relation to the urban data platforms.

6.1.5 Work package leaders (WP leaders)

Each Work package (WP) has a leader and a co-leader, which is a city in all cases except for WP5 in which HWWI is local partner of Hamburg.

The responsibilities include convening WP meetings, drafting WP report(s) and ensuring smooth communication and coordination with other WPs.

In case of delays with impact other WPs or deliverables, the WP leaders have to inform the Coordinator immediately.

WP leaders will report on the progress of their WPs in the consortium's regular reports, as well as in bi-monthly conference calls, SGMs and ACAs.

6.1.6 Annual CLEVER Assembly (ACA)

All partners of the Project Consortium will meet at the Annual CLEVER Assembly (ACA) to track progress, reflect on and plan the different stages of the project's development, report on deviations from plan (if applicable), agree on corrective actions (if necessary) and commitments for the coming months.

6.1.7 CLEVER Advisory Board (AB)

CLEVER Cities will employ a high level Advisory Board (AB), whose members are innovation leaders in their respective fields.

The AB will provide guidance and critical, constructive feedback as well as – if requested – technical expertise to Coordinator and SG, and contribute to the dissemination and exploitation of project results at a strategic level. It will meet annually at the ACAs and be updated by the Secretariat on a quarterly basis.

AB views and expertise will ensure the validity of the ongoing project work as well as relevance, adequacy and outreach of results (i.e. CLEVER Solutions Basket, CLEVER Cities Guidance, enhanced NBS evidence base).

7 Section: Financial provisions

7.1 General Principles

7.1.1 Distribution of Financial Contribution

The financial contribution of the Funding Authority to the Project shall be distributed by the Coordinator according to:

- the Consortium Plan
- the approval of reports by the Funding Authority, and
- the provisions of payment in Section 7.3.

A Party shall be funded only for its tasks carried out in accordance with the Consortium Agreement.

7.1.2 Justifying Costs

In accordance with its own usual accounting and management principles and practices, each Party shall be solely responsible for justifying its costs with respect to the Project towards the Funding Authority. Neither the Coordinator nor any of the other Parties shall be in any way liable or responsible for such justification of costs towards the Funding Authority.

7.1.3 Funding Principles

A Party that spends less than its allocated share of the budget as set out in the Consortium Agreement or – in case of reimbursement via unit costs - implements less units than foreseen in the Consortium Agreement will be funded in accordance with its actual duly justified eligible costs only.

A Party that spends more than its allocated share of the budget as set out in the Consortium Agreement will be funded only in respect of duly justified eligible costs up to an amount not exceeding that share.

7.1.4 Return of excess payments; receipts

7.1.4.1 In any case of a Party having received excess payments, the Party has to return the relevant amount to the Coordinator without undue delay.

7.1.4.2 In case a Party earns any receipt that is deductible from the total funding as set out in the Consortium Agreement the deduction is only directed toward the Party earning such income. The other Parties' financial share of the budget shall not be affected by one Party's receipt. In case the relevant receipt is more than the allocated share of the Party as set out in the Consortium Agreement, the Party shall reimburse the funding reduction suffered by other Parties.

7.1.5 Financial Consequences of the termination of the participation of a Party

A Party leaving the consortium shall refund all payments it has received except the amount of contribution accepted by the Funding Authority or another contributor. Furthermore a Defaulting Party shall, within the limits specified in Section 5.2 of this Consortium Agreement, bear any reasonable and justifiable additional costs occurring to the other Parties in order to perform its and their tasks.

7.2 Budgeting

The budget set out in the Consortium Agreement shall be valued in accordance with the usual accounting and management principles and practices of the respective Parties.

7.3 Payments

7.3.1 Payments to Parties are the exclusive tasks of the Coordinator.

In particular, the Coordinator shall:

- notify the Party concerned promptly of the date and composition of the amount transferred to its bank account, giving the relevant references
- perform diligently its tasks in the proper administration of any funds and in maintaining financial accounts
- undertake to keep the Funding Authority's financial contribution to the Project separated from its normal business accounts, its own assets and property, except if the Coordinator is a Public Body or is not entitled to do so due to statutory legislation.
- With reference to Articles 21.2 and 21.3.2 of the Grant Agreement, no Party shall before the end of the Project receive more than its allocated share of the maximum grant amount from which the amounts retained by the Funding Authority for the Guarantee Fund and for the final payment have been deducted.

7.3.2 The payment schedule, which contains the transfer of pre-financing and interim payments to Parties, will be handled according to the following:

Funding of costs included in the Consortium Agreement will be paid to Parties after receipt from the Funding Authority without undue delay and in conformity with the provisions of the Grant Agreement. Costs accepted by the Funding Authority will be paid to the Party concerned.

The Coordinator is entitled to withhold any payments due to a Party identified by a responsible Consortium Body to be in breach of its obligations under this Consortium Agreement or the Grant Agreement or to a Beneficiary which has not yet signed this Consortium Agreement.

The Coordinator is entitled to recover any payments already paid to a Defaulting Party. The Coordinator is equally entitled to withhold payments to a Party when this is suggested by or agreed with the Funding Authority.

8 Section: Results

8.1 Ownership of Results

Results are owned by the Party that generates them.

8.2 Joint ownership

Joint ownership is governed by Grant Agreement Article 26.2 with the following additions: Unless otherwise agreed:

- each of the joint owners shall be entitled to use their jointly owned Results for non-commercial research activities on a royalty-free basis, and without requiring the prior consent of the other joint owner(s), and
- each of the joint owners shall be entitled to otherwise Exploit the jointly owned Results and to grant non-exclusive licenses to third parties (without any right to sub-license), if the other joint owners are given:

(a) at least 45 calendar days advance notice; and

(b) Fair and Reasonable compensation.

8.3 Transfer of Results

8.3.1 Each Party may transfer ownership of its own Results following the procedures of the Grant Agreement Article 30.

8.3.2 It may identify specific third parties it intends to transfer the ownership of its Results to in Attachment (3) to this Consortium Agreement. The other Parties hereby waive their right to prior notice and their right to object to a transfer to listed third parties according to the Grant Agreement Article 30.1.

8.3.3 The transferring Party shall, however, at the time of the transfer, inform the other Parties of such transfer and shall ensure that the rights of the other Parties will not be affected by such transfer. Any addition to Attachment (3) after signature of this Agreement requires a decision of the CLEVER Assembly.

8.3.4 The Parties recognize that in the framework of a merger or an acquisition of an important part of its assets, it may be impossible under applicable EU and national laws on mergers and acquisitions for a Party to give the full 45 calendar days prior notice for the transfer as foreseen in the Grant Agreement.

8.3.5 The obligations above apply only for as long as other Parties still have - or still may request - Access Rights to the Results.

8.4 Dissemination

8.4.1 For the avoidance of doubt, nothing in this Section 8.4 has impact on the confidentiality obligations set out in Section 10.

8.4.2 Dissemination of own Results

8.4.2.1 During the Project and for a period of 1 year after the end of the Project, the dissemination of own Results by one or several Parties including but not restricted to publications and presentations, shall be governed by the procedure of Article 29.1 of the Grant Agreement subject to the following provisions.

Prior notice of any planned publication shall be given to the other Parties at least 45 calendar days before the publication. Any objection to the planned publication shall be made in accordance with the Grant Agreement in writing to the Coordinator and to the Party or Parties proposing the dissemination within 30 calendar days after receipt of the notice. If no objection is made within the time limit stated above, the publication is permitted.

8.4.2.2 An objection is justified if

- (a) the protection of the objecting Party's Results or Background would be adversely affected
- (b) the objecting Party's legitimate interests in relation to the Results or Background would be

significantly harmed.

The objection has to include a precise request for necessary modifications.

8.4.2.3 If an objection has been raised the involved Parties shall discuss how to overcome the justified grounds for the objection on a timely basis (for example by amendment to the planned publication and/or by protecting information before publication) and the objecting Party shall not unreasonably continue the opposition if appropriate measures are taken following the discussion.

8.5 The objecting Party can request a publication delay of not more than 90 calendar days from the time it raises such an objection. After 90 calendar days the publication is permitted.

8.5.1 Dissemination of another Party's unpublished Results or Background

A Party shall not include in any dissemination activity another Party's Results or Background without obtaining the owning Party's prior written approval, unless they are already published.

8.5.2 Cooperation obligations

The Parties undertake to cooperate to allow the timely submission, examination, publication and defence of any dissertation or thesis for a degree that includes their Results or Background subject to the confidentiality and publication provisions agreed in this Consortium Agreement.

8.5.3 Use of names, logos or trademarks

Nothing in this Consortium Agreement shall be construed as conferring rights to use in advertising, publicity or otherwise the name of the Parties or any of their logos or trademarks without their prior written approval.

Affiliated Entities which obtain Access Rights in return fulfil all confidentiality and other obligations accepted by the Parties under the Grant Agreement or this Consortium Agreement as if such Affiliated Entities were Parties.

Access Rights may be refused to Affiliated Entities if such granting is contrary to the legitimate interests of the Party which owns the Background or the Results.

Access Rights granted to any Affiliated Entity are subject to the continuation of the Access Rights of the Party to which it is affiliated, and shall automatically terminate upon termination of the Access Rights granted to such Party.

Upon cessation of the status as an Affiliated Entity, any Access Rights granted to such former Affiliated Entity shall lapse.
Further arrangements with Affiliated Entities may be negotiated in separate agreements.

9.6 Additional Access Rights
